Crazy 7 Slot Game Playtech screenshot

Crazy 7 slot game by Playtech presents a splash of colours and is based on the theme of seven. The reels, therefore, are packed with green, red, purple, and blue seven symbols.

The maximum bet is 3 coins or \$15.

How to Play Crazy 7 slot game by Playtech

The aim of Crazy 7 is to create a winning combination across the payline and to collect the prizes according to the game's payout structure. To play this single line slot, players have to:

- Select a coin denomination with the help of the – and + signs.

- Select the number of coins they would like to bet.
- Hit the Bet Max button if they want to bet maximum.
- Choose the Spin option to set the reels spinning, if they did not select the Bet Max option.

If the reels display a winning combination of symbols across an active payline, players will receive payouts according to the game's payout structure.

Special Features

Crazy 7 comes with a number of special features.

- Free play and real play versions
- Chat facility
- Gaming history
- Turn audio effects on/off
- Customize gaming experience
- Autoplay
- Shortcut Keys

Players need not panic if they are playing Crazy 7 for real money and suddenly get disconnected. They simply have to log back into their gaming accounts and check the gaming history to find out the results of the last round.

The game return (RTP) can be checked in the symbols' distribution through the reels. You will notice that the game has each symbol with a higher quantity on each reel. Meanwhile, you will see the Purple 7 in very low quantity because this symbol is paying for ANY.

The high-paying symbols are also distributed with high quantity in one of the reels and on the other two reels in very low quantity. That's why the RTP calculation are showing 96.83%.
